# Hardware Connections

## Hardware Connections

Please make sure that the card reader is connected to the Smart Connector (not to the MFP directly) and that the Smart connector and the MFP both are connected to the Internet.

# Installation

To set up and configure a new Xerox device with a KUARIO web kiosk the following has to be taken in account.

## ▶ Authenticate

To change settings of the device an Administrator Login will be needed.  
Default User Name for Xerox devices: **admin**. By default the password is 1111.

## ▶ Email KUARIO support

Make sure you have created a KUARIO Outlet for your Xerox MFP.  
KUARIO Support must activate the last step. Please provide them with the information they need.

- Email KUARIO Support (support@KUARIO.com) with in the subject "Activation XEROX KIOSK".  
Make sure you have the following information for them:
  - a. The organization name.
  - b. The currency used on the site.
  - c. The country the Outlet is in.
  - d. The name of the Outlet.
  - e. The MAC-Address of the KUARIO Smart Connector.
  - f. The IP address of your Xerox device.
  - g. The Xerox device's Admin credentials (login name & password).
  - h. All other apps on device will be hidden on the device, they will no longer be accessible. Normally this will not be a problem, if it is in your case please tell us under step h.

# Instructions KUARIO Staff

## ▶ Set outlet settings in manager yourself (authorised KUARIO staff only)

Browse to <https://manager.KUARIO.com>

Setting needed:

1. The MAC-Address of the KUARIO Smart Connector.
2. The Outlet name, and it's place in the KUARIO tree.
3. The IP address of the Xerox device.
4. The device credentials (login name & password).

Under 'outlet settings' fill in the settings listed above.

# Certified Devices

## Certified Devices

The devices in this list are tested and found capable of running our software.
